

**Closing the circle between
Providers, Payors and
Patients**

WHO IS EVOLUTIONS HEALTHCARE SYSTEMS?

Over the past 25 years EHS has evolved into one of the nation's largest independently owned PPO networks with regional dominance in the state of Florida. EHS has taken this expertise in network development to create fully customized networks for Group Health and Workers' Compensation based on our client's needs and criteria.

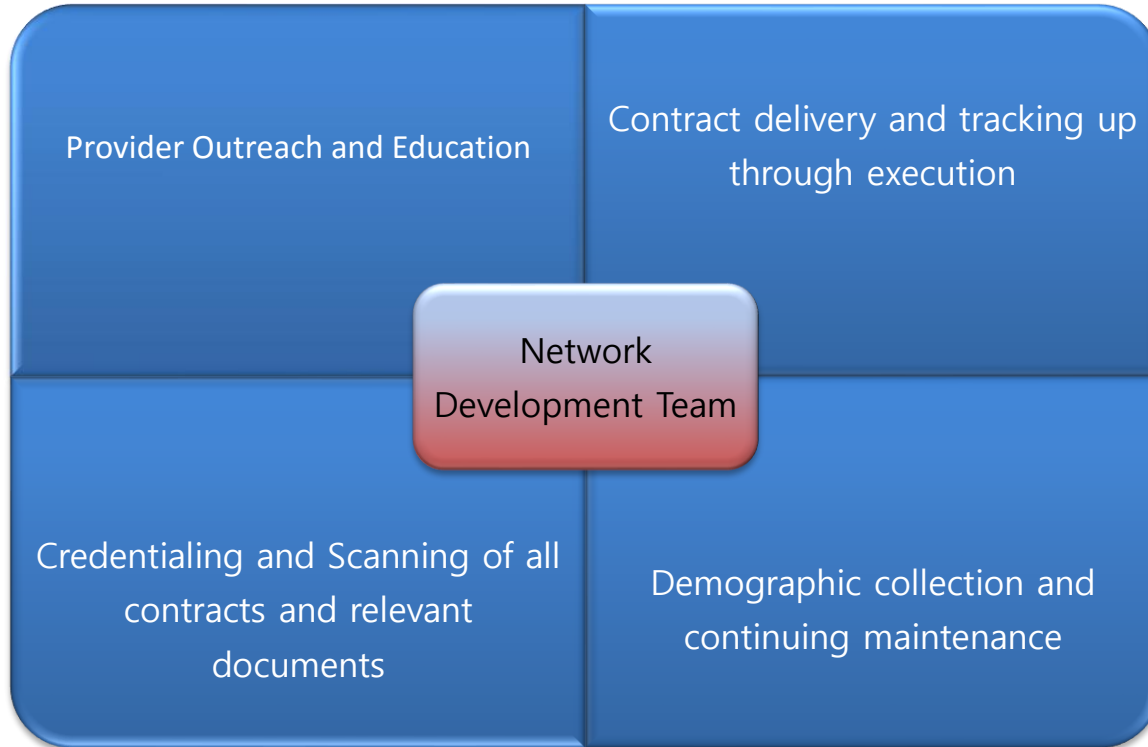

Through our own proprietary software Evolutions has a solution for all network and repricing needs from contracting through claims handling and repricing. Our software development team has created a robust yet flexible system engine adept at interpreting, calculating and repricing claims based on complex matching protocols and showcasing custom directories that effectively represent the most complex network tiering and benefit designs.

Evolutions provides a comprehensive suite of healthcare management solutions and claims processing services including EDI, customized directories, out of network savings solutions, analysis, reporting and more!
